

Recent Operations

By Paul Hardin

FOOT BALL! That's the subject we're all interested in this week. With Hobson's Blue Devils losing their first game last Friday and pointing to a win tonight over the scrappy Tavares eleven—folk in the Lake Region are foolishly minded this week.

The trip to Lawrenceville was not in vain. The team lost by a score of 18 to 0. But, that doesn't tell the story. Lawrenceville fans say that discounting the two lucky breaks their boys got, the team should have been 6 to 0. I would not know. All of my information has come from those who saw the game. The game proved to Coach Hobson that he has the makings of a pretty good foot ball manager again this year.

From all accounts the folks in Lawrenceville must have treated our boys well. Residents of that town took them to their homes and provided entertainment for them. Those folks did everything in their power to make the boys feel at home. I'm hoping on December 22—when Lawrenceville comes here—we can treat them just as royally.

Frank Hobson, coach, and Raymond Cagni, assistant, spoke before the Pahokee Rotary club yesterday on the outcome for a team this season. Hobson introduced Cagni who spoke briefly but directly to the point. He assured the members of Pahokee and visiting fans from Belle Glade that he would do everything in his power to make Hobson as satisfied as a good team—whether they will win all games scheduled remains to be seen. He didn't promise that.

Hobson spoke after Cagni. It isn't hard to see why the Blue Devils love and respect their coach. He's honest. He's sincere. He won't make a lot of flowery promises about his team. There's nothing in the way of his use and that is this—his boys will be in there fighting during the best periods of any game. What more could foot ball fans expect?

In the course of his remarks Hobson said he believed this year's pre-season training camp was the best yet. They got more done in that short space of time than in past years. He said also that he'd be satisfied if his boys played the excellent brand of foot ball all season that they showed in the opening game at Lawrenceville. However, this is almost impossible to believe. The boys played a head up foot ball during three periods of the Lawrenceville game and held that team scoreless until the final quarter.

V. C. Denton, a member of the Athletic Council, later made interesting sidelights of the trip to the Tennessee team. He recounted in detail the expenses of the trip and told about housing of the boys in comfortable surroundings in Dothan, Ala., the cost of the trip, and the fact that each cut came. He explained that it was a special rate made through Otis Visono, a resident of Dothan, and a brother of Mrs. Reid Clifton.

Mr. Denton told of the trip the boys enjoyed to Moose Shoals and another trip to Lookout Mountain. Trip that the boys got to make the trip. There were several of them who never seen a mountain. The trip proved educational as well as entertaining.

From the letter published elsewhere in this issue it is evident that the boys have conducted themselves as gentlemen just as they always do. I'm reproducing it from the letter Mr. Post in the column. You'll enjoy reading it. It speaks very highly of the excellent behavior of the team.

Finish Office For Arundel Corporation

Workmen this week completed the new office for the Arundel Corporation on the north bank of the canal at Palm Beach. The office will be occupied soon by officials of the corporation who will be in charge of levee construction work. The Arundel levee construction work will put around 100 men to work in this area.

Blue Devils Ready For Tavares Tonight

On Lair Field, 8:15

Hobson's Outfit Steamed Up For Lake County Aggregation

The scrappy foot ball aggregation representing the county seat of Lake County—Tavares—will meet on Lair field for a battle tonight with Coach Frank Hobson's Pahokee Blue Devils. It will be the first start of the season for the Blue Devils, having lost last Friday night to Lawrenceville, Tenn., by a score of 18 to 0.

Little is known in this section about Tavares team except that it is a fighting outfit and boasts of a number of head men. Most of the players are first and second year men but have a pretty good record. Hobson's outfit, John Davis promises Coach Hobson that his men will put up a good scrap.

From all accounts the folks in Lawrenceville must have treated our boys well. Residents of that town took them to their homes and provided entertainment for them. Those folks did everything in their power to make the boys feel at home. I'm hoping on December 22—when Lawrenceville comes here—we can treat them just as royally.

Organize Units To Study Life Needs Of Florida Youth

State Superintendent Outlines Plan To State Schools

Tallahassee, Sept. 25. State Superintendent Colin English today announced plans for the mobilization of teachers and public school officials to organize units for a study of the life needs of Florida youth.

The educational organization of the state is in preparation for a concerted drive by school pupils, parents, and teachers to determine for themselves the full responsibilities of each school in the democratic life of the state. And, to show housing of the boys in comfortable surroundings in Dothan, Ala., the cost of the trip, and the fact that each cut came. He explained that it was a special rate made through Otis Visono, a resident of Dothan, and a brother of Mrs. Reid Clifton.

Mr. Denton told of the trip the boys enjoyed to Moose Shoals and another trip to Lookout Mountain. Trip that the boys got to make the trip. There were several of them who never seen a mountain. The trip proved educational as well as entertaining.

From the letter published elsewhere in this issue it is evident that the boys have conducted themselves as gentlemen just as they always do. I'm reproducing it from the letter Mr. Post in the column. You'll enjoy reading it. It speaks very highly of the excellent behavior of the team.

Plenty Of Seats In Grand Stand Are Not Reserved For Games

There are plenty of seats outside the reserved seat section in the grand stand on Lair field, it was announced yesterday by athletic council officials. V. C. Denton said that more than 450 excellent seats in the grand stand are available for those who do not buy reserved seats.

Elmer Jones Opens Market In A&P Store

On Wednesday of this week Elmer Jones, widely known butcher, opened a new market in the Atlantic and Pacific Tea company store. He has installed and installed all modern equipment in the market and offers his customers the choicest cuts of meats properly refrigerated. In his announcement advertisement, Mr. Jones said that he has many friends and customers to visit him in his new location where he offers quality meats at prices that will be a real treat to the owner of the market but announces that it will be operated in a manner to conform with A&P policies.

Glades Chevrolet Company Under New Ownership

G. W. Hamilton Retired From Business On Saturday, Sept. 16

Announcement was made this week of change in ownership of the Glades Chevrolet company in Belle Glade. The concern was formerly operated by G. W. Crews and J. W. Hamilton since they bought out the agency from Riedel Brothers a few years ago. Under the new set-up, Hamilton is retired from the business on Saturday, September 16. He has not announced his future plans.

Members of the new company are Mr. Crews, "Vic" Riedel and Eddie Schoepel. Mr. Riedel has with the concern for some time. Mr. Crews will continue in that capacity when not devoting a part of his time to office duties. The service department will be under the supervision of Eddie Schoepel, who has had 12 years factory trained Chevrolet experience. A few of the new gentlemen connected with the agency are well and favorably known in the Lake Region.

Commenting on the change in ownership Mr. Crews pointed out that under the new set-up, with Mr. Schoepel in charge of the service department, the concern is better equipped than ever to render service to the community. He was chased for the service department. Some new equipment will be purchased making it one of the outstanding service departments on the lake.

Future Farmers Hold First Meet Of Term

The Pahokee Future Farmers of America chapter held their first meeting of the new school term Tuesday night and laid out plans for the year's work. The work is under the direction of Harper Kendrick, vocational agricultural instructor.

Members of the chapter plan, in addition to their regular program this term, they have formed a committee to help the chapter of FFA and will invite civic club members and state, county and city officials to appear before the club and outline their duties.

Group Will Study Plans To Conserve Everglades Muck

Meeting In Gainesville Today To Work Out A Feasible Plan

Gainesville, Sept. 28.—Plans for the conservation of Florida's bogs of fertile muck and the Everglades will be drawn today at the meeting here of representatives of the Soil Conservation Service of the U. S. Department of Agriculture and the Florida Experiment Station. The session was called by D. G. Gunn, SCS state coordinator.

"We plan to get at this time a definite understanding and agreement as to problems, methods and procedure," Gunn said today. "The Everglades has been a tremendous problem ever since it was drained, because of the fact that the muck and muck soils, being highly organic in nature, will burn readily or even submerge through natural oxidation. Water control is of extreme importance in retaining these fertile soils and preventing them from being lost to the state and its farmers."

The work is being done under an agreement by Congress of \$75,000 for erosion control in the Everglades, which was to be matched by state funds. The 1939 Soil Conservation Service appropriated \$75,000 and established the Everglades Fire Control Board, which is already operating and operating. Mr. K. W. Davis has been assigned by the Soil Conservation Service as project manager, and his established headquarters at the Everglades Experiment Station in Belle Glade.

A group of four regional SCS technicians will meet with the work in the Everglades with Mr. Davis and will attend the Gainesville meeting. They are Mr. R. Y. Bailey, chief of the regional division, Glenn L. Fuller, chief of physical surveys, A. C. K. Davis, chief of engineering, and M. W. Lowery, chief of project planning, all of Spartanburg, S. C.

They will be joined by Mr. R. W. Hamilton, state assistant regional conservator, Mr. Gunn, and Dr. Wilson Newell and Dr. R. V. C. Hamilton, who are present.

Sugar Co. Has A Profitable Year Says The Report

Annual Financial Report Shows New Records By Company

Clewiston, Sept. 28.—Both production and profits showed record during the fiscal year ending June 30, 1939. Comparative figures for the preceding year showed common stock returns per share at 39 cents, and preferred stock at \$4.55.

During the company's 174-day operating season, 85,663 tons of 96-degree sugar were produced from 805,455 tons of sugar cane. The average yield in raw sugar was 4.11 tons per acre from an average of 38.56 tons of cane per acre.

Current assets of the company are listed at \$2,267,169 and the liabilities were set at \$245,385. The company holds title to 36,890 acres of land, has 3,243 acres under lease, and holds options on 85,198 acres.

TWO RESIGNATIONS FROM PAHOKEE ROTARY CLUB

The board of directors of the Pahokee Rotary club received the resignation of J. W. Shickland and Sam Gibson at a meeting Thursday.

Front Is Finished On Pahokee Dry Goods Store

Work was completed this week on the new front for the Pahokee Dry Goods company store in Pahokee. Painters put on the finishing touches this week and the store has a completely new appearance which makes it one of the most attractive business houses in the two large display windows.

Commerce Body In Special Meet On Wednesday Night

Judge Tedder Of Lauderdale Will Be One Of Featured Speakers

George Mead, president of the Pahokee Chamber of Commerce, announced yesterday that a special meeting of that body will be held next Wednesday night. The meeting will be held in the Legion pavilion at 8:00 o'clock.

A special program is being arranged by Ben Waring and Lynn Bailey to put before the body. The program will also be made by the membership committee at the meeting. Wednesday night is an effort to find out how many new memberships they have written in regular session during the day's session.

Belle Glade To Have Inter-City Rote Meet

Rotarians from Pahokee and West Palm Beach will meet with the Belle Glade club on Friday, November 3rd, in an inter-city meeting at the Belle Glade club.

Work on the state farmers market in Pahokee is progressing satisfactorily and to this job there has been allotted \$112,000 in state and federal funds. The plant is being built on the road which connects the light plant to Stuckey's railroad crossing.

Camp Work Starts With Full Crew

The negro migratory labor camp at Vinegar Bend which was started three weeks ago with the completion of the water line which follows the south shore of the highway for a mile and a half to the camp site, has been going full speed since last week.

Approximately 30 negro laborers are at work drilling holes for the plings and using large water pumps to drain out the water from these holes which vary from 5 to 9 feet in depth to the rock bottom.

About one-quarter of the camp is cleared for the plings that have yet to be set in. There are approximately 70 men at work on the project.

The steel workers have begun work on six steel forms which will be used for the concrete poured during the day.

These first six houses will be ready in a few days for the concrete mason and barring unforeseen trouble, will be ready for the structure two or three days later when the steel forms will be removed.

Chief Baxter Thanks The Motoring Public

Haywood Baxter, Pahokee police chief, yesterday issued a statement of thanks to motorists who pass through Pahokee school zones for their excellent co-operation since the opening of school. He stated that drivers have been unusually careful while passing the school and for this splendid cooperation he and his force are indeed grateful.

"Of course," said Mr. Baxter, "we'll be right on the job morning, noon, and night to see that there is no speeding through the school zone. It has been necessary to reprimand only one person since the opening of school. This driver, I believe, just forgot for the moment where she was."

The school zone signs painted on barrels which are placed in the middle of the street appear in red this term. Last year they were painted in yellow. The chief believes that the brilliant red color will cautioning the drivers upon entering the school zone.

Much Construction In Glades Is Under Way At This Time

Levee Work And Migratory Camps Employ Many Laborers

The end of September finds much construction work under way in the Lake Okechobee farming region. Nearly 2½ miles of levee work is under way or scheduled to be started in the immediate future.

Next in line are the migratory workers' camps at Belle Glade. These camps will cost the Farm Securities Administration nearly \$1,000,000 in the time everything is completed. Workers are busy at both the camps laying off streets and preparing foundations for the housing.

Work on the state farmers market in Pahokee is progressing satisfactorily and to this job there has been allotted \$112,000 in state and federal funds. The plant is being built on the road which connects the light plant to Stuckey's railroad crossing.

Camp Work Starts With Full Crew

Lawrenceville Legion Post Lauds Blue Devil Aggregation And Its Supporters

Classified Ads Are Well Worth Money Results Always Good

Those small classified ads in this newspaper are still bringing good results. Last week we inserted a small ad in the column seeking someone to attend office duties. Up until Wednesday at noon there had been 18 applicants for the job. A few weeks ago Frank Colson sold a lot of beam seed through a small ad in the column. He advertised a horse for sale, well, he didn't exactly sell the horse but it brought about a trade whereby Mr. Colson is now owner of an excellent mule.

The small ads bring buyers and sellers together. Last week T. W. Jones of South Bay advertised his place and several tourist cottages for sale. He reported to this office Monday that he had already had several inquiries and hoped to close a deal in the future. Another quarter well spent.

In looking over the column this week we see that P. E. Goodbread of South Bay has a good horse for sale at a reasonable price. C. A. Bailey is still seeking that \$100,000 to build business houses in Pahokee. It may be that we can't deliver in this particular case of Mr. Bailey's but he uses plenty of the little ads in his real estate business.

No, one year ago I've something you want to sell—or maybe you want to buy something—just send in your ad along with a quarter and watch the results.

Belle Glade To Have Inter-City Rote Meet

Rotarians from Pahokee and West Palm Beach will meet with the Belle Glade club on Friday, November 3rd, in an inter-city meeting at the Belle Glade club.

Work on the state farmers market in Pahokee is progressing satisfactorily and to this job there has been allotted \$112,000 in state and federal funds. The plant is being built on the road which connects the light plant to Stuckey's railroad crossing.

Glades Farmers Will Operate On About 6,000 Acres Martin County This Season

Thousands of Martin county farmers are busy this morning season by Glades muck farmers. Those farming on the muck and also on the sand aren't putting all of their eggs in one basket. A story in the Stuart News giving a resume of farming activities in that area is reprinted below.

The greatest farming season Martin county has ever seen, with almost 6,000 acres going into cultivation, is now underway—with an anticipated 30 per cent increase in production.

"Conditions are ideal," said Louis Weiman, "pioneer farm developer" in the Cape Glades section, who has been credited with the revival of farming interest in the county. Weiman sees a great future for this section, is optimistic on general conditions.

"This market has every indication of being ahead of last year," he states. "There has been drought in the East and some in the West. There is no question but what we can produce the finest water melons in Martin county that come out of Florida. Our only difficulty is bad road conditions which retard the production."

What is going on this season is just a drop in the bucket to what we can expect to see if we get good roads that really open up the farming country.

Post Adjutant Says They Are Looking Forward To Trip Here

In a letter to the editor of this newspaper this week the American Legion Post of Lawrenceville, Tenn., advised the Lake County aggregation and the supporters who accompanied the team to that section of the Blue Devils football season's opener. H. I. Carrell, adjutant of the post, wrote the letter which is produced in this column.

Adjutant Carrell was especially laudatory in his remarks regarding the sportsmanship of Coach Frank Hobson's pickup team. So, Blue Devils warriors continue to build good will for the Lake Okechobee Region on their trips to foreign foot ball soil. Friends and supporters of the team will enjoy reading the letter from the Lawrenceville Legion which follows.

Lawrenceville, Tenn., Sept. 25, 1939

Paul Hardin, Editor, The Everglades News, Canal Point, Fla.

Dear Sir: Your papers here used some of your news stories about the Pahokee football team in advertising this game. Frankly, some of us thought it was just some of the ballyhoo, but when we saw your excellent team perform, we realized your comments were not an exaggeration.

While we won the game, we won by the skin of our teeth. The thought that we were making the relative strength of the two teams. It was one of the most exciting games we have seen here in a long time. We got the breaks in the last few minutes, if this were not so we would indeed have been getting a six-point game.

We also want to compliment your team on its very fine sportsmanship—also the splendid spirit evidenced in the foot ball fans who accompanied the team on this trip.

Your team is looking forward with a great deal of pleasure to making the trip down there tomorrow as the nightingale is concerned, but realize that when we are faced in by the chalk lines in the four periods won't be so much fun.

With best wishes, I am, Sincerely, H. I. Carrell, Adjutant, American Legion Post, Lawrenceville, Tenn.

BELLE GLADE VISITORS AT PAHOKEE ROTARY CLUB

Arthur Wells and Joe Freedman, Rotarians from Belle Glade, were visitors at the Pahokee club yesterday. Brownie Roush, member of the Pahokee Lions club was also a visitor.

Stanhof of Port Mayaca has just bought a 320 acre section near Weiman, in Cape Glades and intends to develop the holding.

All available properties in the "ridge" at Port Mayaca and Chancy Bay are being developed, with about 500 Bessmer Properties being under lease to independent farmers.

"The acreage figures which follow are largely speculative, but the matter of successful farming here shows reads like a telephone directory of Glades agriculture."

Louis Weiman, Belle Glade, 320 acres.

Arthur Wells, Belle Glade, 320 acres.

W. S. Krause, Belle Glade, 320 acres.

George E. Tedder, Belle Glade, 500 acres.

Left Lefels, Belle Glade, 250 acres.

W. T. Todd, Pahokee, 500 acres.

A. O. Walker, South Bay, 250 acres.

Ernest Maxwell, Pahokee, 100 acres.

Bob Brock, Boynton, 100 acres.

George Fletcher, Brighton, 100 acres.

R. P. Todd, A. L. Dukes, J. B. Brock, and J. M. Brock, have acreage of about 800 acres.

John-Popson Co., Pahokee, 400 acres.

Scattered acreages in small tracts of about 100 acres.

Total now in sight 5,440 acres.

BENNY CALLS

Jack Benny, calls all lovers of
comedy (and music) to see him as
his natural gagging self in "Man
About Town." Sunday and Mon-
day, Pahokee; Tuesday at Belle
Glade.

BENNY FILM OFFERS GAGS, GALS, DANCES

The one and only Jack Benny is
at his gagging best, Dorothy Lamour
sings and provides romantic
interest, Edward Arnold is a busi-
ness tycoon who menaces Jack's
romantic plans, charming Binnie
Barnes provides romantic by-play
as his neglected wife. Twenty
gorgeous pretty girls parade
through harem sequence, three
new hit songs are sung by various
members in the cast—in fact, it
would take an adding machine to
tabulate the attractions of the
"Man About Town," the new com-
edy with music.

As if that weren't enough, "Ro-
chester" making his screen debut
with his radio chief, comes
through with two scenes which
are being rated as nothing
short of sensational. And the
world-renowned Merrie Abbott
Dancers are being hailed as nothing
short of amazing in the big
harem sequence of the picture.

The new Benny film differs from
his previous pictures in that it
gives Jack a better chance to play
his natural, gagging self. The
story, written by Morrie Ryskind,
author of such screen successes as
"My Man Godfrey" and "Stage
Door," casts Jack as an American
impresario who is laying plans
for presenting his show in London.

The armoured nonsense, the far-
cical situations start to pile up
when Jack finds that the singing
star of the show, Dorothy Lamour
is cleaving to his orchestra leader,
Phil Harris. Lacking the amoral
aplomb of a Casanova, Jack
turns to his valet, Eddie
"Rochester" Anderson, for advice.
"Rochester" suggests that Jack
arouse a little jealousy in Doro-
thy.

Jack, gagging along in his best
style, manages to meet Binnie
Barnes, charming lady of the
English nobility, whose husband,
Edward Arnold, neglects her.
Eventually she invites Jack down
to her country home. When Ed-
ward Arnold starts to suspect that
Jack is interested in his wife, the
picture hits an even faster farcical
pace.

Exhibit at New York World's Fair Huge Success, Claim Florida Notables

TOTAL NUMBER
OF VISITORS TO THE
FLORIDA EXHIBIT
TO AUGUST 31st
3,560,000

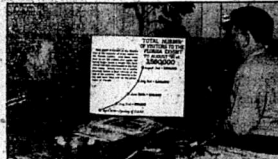

August 31st - 3,560,000

July 31st - 2,330,000

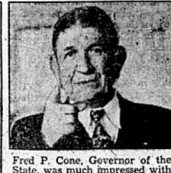

June 30th - 830,000

May 31st - 250,000

April 30th - Opening of Exhibit

Harold Cole, of the State Chamber of Commerce, compliments Earl Brown, head of Florida exhibit, on the success of the exhibit at the World's Fair. Mr. Cole and Mr. Brown are viewing the attendance chart, pictured on left.

State Controller J. M. Lee
says the Florida exhibit is the
best example of Florida's ad-
vantages he has ever seen. It
is magnificent, says Mr. Lee.

Fred P. Cone, Governor of the
State, was much impressed with
the great reception the people
of the country accorded the
Florida exhibit. Governor Cone
looks forward to a marked in-
crease in winter visitors this
year and a healthy increase in
permanent residents.

Nathan Mayo, Commissioner of
Agriculture, waxed enthusias-
tic about the beauty of the ex-
hibit, and looks forward to see-
ing the state's agricultural in-
dustries receiving increased interest
from every section of the coun-
try.

Senator Clark, of Monticello,
and Mrs. Clark were the guests
of Earl Brown during their re-
cent visit at the exhibit. The
Senator and Mrs. Clark expressed
great pleasure and intense
surprise at the mounting at-
tendance figures and the intense
interest of the visitors.

Carter B. Carnegie, president
of the General Tug Oil Corpora-
tion, with an exhibit at the
Florida exhibit states more than
500 inquiries from persons in-
terested in growing tung trees
in the state. The inquiries will
be turned over to the state group
due to the fact that Mr. Car-
negie's concern does not sell land.

Congressman "Joe" Hendricka,
after spending a few days at the
exhibit, expressed the opinion
that Florida has won many new
friends, saying that the exhibit
is the best of any at the Fair,
and represented Florida at its best.

Senator Andrews To Attend Market Opening

Senator Charles O. Andrews,
of Harlingen, Texas, and repre-
sented in South Florida by A. M.
O'Quinn, of Goulds, Florida, an-
nounces in this issue a full and
complete line of packing house
machinery. They handle a full
line of tomato equipment and bean
grading belts. Belts are manu-
factured so the grader can stand
on the floor and work. The con-
cern also handles equipment for
grading potatoes and lettuce. Mr.
O'Quinn of Goulds plans to visit
the Lake Region often during the
packing season.

Tri-Pak Machinery Is Available For Glades

The Tri-Pak Machinery company
of Harlingen, Texas, and repre-
sented in South Florida by A. M.
O'Quinn, of Goulds, Florida, an-
nounces in this issue a full and
complete line of packing house
machinery. They handle a full
line of tomato equipment and bean
grading belts. Belts are manu-
factured so the grader can stand
on the floor and work. The con-
cern also handles equipment for
grading potatoes and lettuce. Mr.
O'Quinn of Goulds plans to visit
the Lake Region often during the
packing season.

REMODEL APARTMENT

Workmen are busy this week
remodeling the Barrett apartment
on the Canal Point townsite. Cy-
press ceiling is replacing the old
ceiling and a new metal roof will
be put on. The apartment is oc-
cupied by Mr. and Mrs. Cecil Bar-
nes. Mr. Barnes is employed at
the Fred T. Hickerson packing
house and Mrs. Barnes is the Wes-
tern Union operator at Canal
Point.

ELLIOTT TO JACKSONVILLE

Mr. and Mrs. B. Elliott left yes-
terday for Jacksonville where they
will view the 1940 model Ford.
Mr. Elliott expects to have new
models on display in Pahokee on
Oct. 6. Mr. and Mrs. Elliott will
return home tonight.

Living costs in England are 50
per cent above July, 1934.

Woman's Club Dance Has Been Postponed

The Woman's Club in Pahokee
had scheduled a dance for next
week in the new club building, but
officials of the club announced this
week that the dance has been
postponed because the building
will not be finished. A holdup in
shipment of the flooring was the
reason given by club officials for
the delay.

TIME IS SHORT TO GET PERMIT

Motor vehicle drivers' licenses
have been on sale at R. K. Har-
ris' office on Main street in Belle
Glade for three weeks and by Mrs.
Wilde Morgan at the city hall in
Pahokee. October 1st is the dead-
line.

TO BUY IRON LUNG

Contributions for an iron lung
to be located in the Good Samaritan
Hospital in West Palm Beach
started early this week. The con-
tributors gave freely, knowing the
importance of this famous life
saver.

The larger gifts were made by
the Elks Lodge, Sparks Theatre,
and the Post-Times Charity Fund.
Inc. All three gave a total of \$1,
072.51. The Palm Beach County
commission then donated the sum
of \$400, and the American Legion
Auxiliary gave \$10.

The lung will cost \$1600, leaving
a small contribution still to be
made. Those wishing to contrib-
ute should make out checks to the
Good Samaritan Hospital and
send them to the Palm Beach
Post-Times.

Dr. Frederick K. Herpel, acting
supt. of hospital, in commenting
on the drive to obtain the lung,
said that since the time factor in
respiratory paralysis is the differ-
ence between life and death for
the stricken patient, availability
of the lung would be a great aid
in saving lives.

ATTEND GAME

Rudy Faulk and his sister, Mrs.
Thomas Elliott and son Thomas,
Jr., J. P. Hancock, Delmar Weeks
and T. L. Burns were among the
Pahokee foot ball fans who went
to Lawrenceburg, Tenn., last week
for the game between Pahokee
and the Lawrenceburg eleven.
They left Wednesday at last week
and returned Sunday night. Dur-
ing the time they were away Mr.
Faulk and Mrs. Elliott visited re-
latives in Shelbyville, Tenn.

The Mauretania will be the
largest ship to use the Port of Lon-
don.
